State Tax Return Order Form

The cost for preparing your club's state return is based on the number of members in your club as determined by the number of Schedule K-1s in your federal filing. The cost is $80 for clubs having 10 or fewer members. For clubs with 11 or more members, the cost is $80 plus $5 for each additional K-1 in the federal return above 10.

For example, if your club's federal return contained 15 K-1s, the cost to prepare your state return would be $80 (base cost including 10 K-1s) plus 5 * $5 (for the additional K-1s) = $105.

If your club has to file state tax returns in multiple states, the cost for each additional state is 50% of the cost of preparing the first state return.

Please complete the following order form so that we can begin processing your state return(s)

bivio club ID: (name shown in upper right corner of any screen) : _____

Full Club Name: _____

Last four digits of the club's EIN: _____
