

2023 State Tax Return Order Form

The cost for preparing your club's state return is based on the number of members in your club as determined by the number of Schedule K-1s in your federal filing. The cost is \$89 for clubs having 10 or fewer members. For clubs with 11 or more members, the cost is \$89 plus \$5 for each additional K-1 in the federal return above 10.

For example, if your club's federal return contained 15 K-1s, the cost to prepare your state return would be \$89 (base cost including 10 K-1s) plus 5 * \$5 (for the additional K-1s) = \$114.

If your club has to file state tax returns in multiple states, the cost for each additional state is 50% of the cost of preparing the first state return.

Please complete the following order form so that we can begin processing your state return(s)

bivio club ID: (name shown in upper right corner of any screen) : _____

Full Club Name: _____

Last four digits of the club's EIN: _____
