BUSINESS：Tractor Supply Co．is a specialty retailer supplying the lifestyle needs of recreational farmers and ranchers．It also serves tradesmen and small businesses．The company provides livestock and pet products（ $50 \%$ of 2022 sales）；hardware，tools，truck，and towing（19\％）；seasonal products（such as snow blowers and mowers），gifts，and toys（21\％）；clothing and footwear（7\％）；and ag－
Despite a bit of seasonal sluggishness， Tractor Supply started off 2023 on good footing．Year－over－year，sales in－ creased $9 \%$ ，to $\$ 3.3$ billion in the first quarter，with the acquisition of Orscheln Farm and Home adding $\$ 21$ million in sales in the period．A $2.8 \%$ bump in aver－ age ticket prices offset a $0.7 \%$ decrease in same－store transaction count，and led to comparable store sales growth of $2.1 \%$ ． Moderating freight charges reduced input costs slightly，but SG\＆A expenses saw a meaningful uptick．A step－up in capital spending related to the acquisition，as well as the addition of a new distribution cen－ ter，led to higher depreciation costs． Despite strong sales growth，earnings fin－ ished flat over the year－ago period，at $\$ 1.65$ per share．
Operating performance should im－ prove across the remainder of 2023. We＇re forecasting $\$ 15.15$ billion in sales for the full year，prompted by improved sea－ sonality in the warmer summer months． Expansion of the store footprint should continue to be a strong business driver throughout the year．After recently con－ verting 81 Orscheln stores，the company
riculture（ $3 \%$ ）．Operated 2,164 Tractor Supply stores and 189 Pet－ sense stores as of $4 / 1 / 23$ ．Has about 49,000 empls．Off．／dir．own less than $1 \%$ of common；The Vangaurd Group，11．8\％；Blackrock， 9．1\％（3／23 Proxy）．Chrmn：Cynthia Jamison．Pres．\＆CEO：Hal Lawton．Inc．：Delaware．Addr：： 5401 Virginia Way，Brentwood，TN 37027．Tel．：615－440－4000．Internet：www．tractorsupply．com．
now plans to open 70 new Tractor Supply and $10+$ Petsense stores across 2023．With relatively flat or slightly improved operat－ ing margins，we expect full year earnings to finish near $\$ 10.45$ per share．
The company has been a consistent buyer of its own shares．Tractor Supply has reduced its share count roughly $10 \%$ in the last five years，and $25 \%$ in the last decade．In the first quarter of 2023，the company repurchased approximately 870,000 shares of common stock，at around $\$ 228$ per share，bringing the total float to 109.5 million．We think long－term share－ holders in particular will continue to benefit from the company＇s buyback pro－ gram．With a reduced share count and larger store footprint，we see the company delivering earnings above $\$ 16.00$ per share in the next three to five years．
Tractor Supply shares look attractive for long－term investors．The stock is also ranked Above－Average（2）for both Timeliness and Safety．Forecasting strong earnings growth through 2026－2028，we＇ve set our target price range over that time frame at $\$ 300$ to $\$ 410$ per share．
